# Newsletter

Blooming Greens bears the news within the budding buds of May... The new additions to learning and quality sport resources is just stimulating and fresh!

The latest addition, a ping pong table within the court area is the most recent attraction for the children coupled with, badminton rackets, skipping ropes and grab ball; all serving to develop skills of coordination and focus.

This selection means; the children are spoilt for choice, moreover, it ensures the school is promoting and encouraging a healthy exercise regime that is making playtime exciting.

From blushing brides to a blooming baby girl, we congratulate our staff within EYFS who acquired loving and cherished landmarks this month!!!

Blooming Greens welcome the new Head of Key Stage One and Two, an experienced Science teacher with expertise in the grounding of children for the common Entrance examination; which may seem far off now however, in reality- just an academic year away.

The school is committed to excellence and determined to employ quality, which in turn provides the children with first hand secure foundations, geared up for the challenges ahead.

The numbers within school clubs are also on the increase. At this point, it is key that, parents ensure adequate and appropriate outfits are provided for the varied activities.

- Swimmers must have the appropriate swimwear, goggles and towels to partake in the lessons.
- Karate outfits to be worn, ensuring grip skills can be taught properly.
- Ballet classes thrive on the proper footwear, tights and tutu skirts.

We implore parents to work with the school towards the effective delivery of the club activities which is meant to be fun for the children. The school in turn will also share any information regarding changes. Parents should kindly provide email contacts for prompt shared communication.

Since September, it is apparent that, the school is growing and expanding positively in all areas and now has approval for International inspection!

We await with great pride.
