Dear Parents,

Here we are once again at the end of a fulfilling Term. We sincerely thank you our esteemed parents for your commitment to our vision in raising a total child. Blooming Greens school is positioned towards meeting the educational requirements of the 21st Century, thereby exposing and developing the children for future expectations.

We make proud to say Term 2 was most rewarding both academically and in our extra-curricular activities where nothing was short of excellence.

As part of the planned activities, we had weekly In-house competitions on salient topics to encourage Public Speaking skills and further boost our pupils' confidence level. They also participated in inter-class Mathematics Quiz which was geared towards preparation for external competitions.

The Saint Valentine's Day was marked in the most exciting manner as pupils and staff of the school came all dressed in red. We seized the occasion to encourage our pupils on the need for "Friendship and Sharing".

The Press Club of Blooming Greens School in conjunction with eminent TV personalities of Channels Television and TVC News trained our pupils on the ethics of journalism, News sourcing, production and presentation.

The International World Book Day was celebrated in grand style, having our pupils participate fully. The need for improving on the dwindling reading culture in our society was clearly spotted by a across section of our parents, pupils and the Guest Speaker Mrs. Yinka Ogunde, M.D Edumark Consult. The EYFS section was not left out, as pupils came dressed in costumes of their favorite book character and they had reading sessions in their various classes with some selected parents.

In the bid to competing favorably with their counterpart, our Key stage 2 pupils participated in a Mathematics Competition organized by the Association of International Schools Educators in Nigeria (AISEN). It was a successful and eye opening outing as our pupils felt the rigours of the competition.

We all have certain unalienable rights #MyFreedomDay a CNN project, featured pupils of Blooming Greens School who exercised their expression on the project in a clip that was recorded on the 14th of March, 2018. Freedom indeed is a bird and our pupils are made to fly in consciousness of their thoughts.

As part of the feedback mechanism, term 2 examinations kicked off Monday 19th- Thursday 22, March 2018, it was a reflection of concepts taught from applied learning.

The term was successfully drawn to a close on Wednesday 28 March, 2018. It was a celebration of excellence which featured Dance, Open Mic Poetry Session, Movie time and refreshment for our pupils and members of staff.

Once again we thank you for your usual cooperation in raising a Blooming Child. We wish you a wonderful and exciting Easter Holiday.
