Dear Parents,

Blooming greetings to you! And we want to sincerely appreciate you for all that you do daily in the preparation of your child for the day's work.

As a school, we have settled in seamlessly into academic and extra-curricular activities and rest assured of our unflinching commitment **"that every child matters at Blooming Greens School"**.

In ensuring that our pupils learn effectively **with no one left behind**, a proper evaluation has been carried out on every child in order to identify the areas of need and also step up the pedestal for the high achievers. In view of this, **Special Intervention Plan** was initiated, a strategy targeted at enhancing the latent potential in our pupils. We also use the medium to thank all those concerned for your cooperation towards the development of your (our) child.

Universal Concept Mental Arithmetic System (UCMAS), a programme that enhances mathematical speed and accuracy has commenced in our **Key Stage 1 and 2**. Our pupils have been handed the **U.C Tools and Workbook** that will aid the efficiency of this strategy. This programme is also known for its positive effect on children's performance in all subjects by improving their mental capacity.

The **"Introductory Morning"**, an expository for all our parents especially those that just joined our **Blooming Greens Family** held on **Wednesday 19th September, 2018**. Parents and teachers had a fair share of familiarity just as the name of the programme implies. We also reaffirmed our commitment as partners in education in order to raise **a total child**.

Nigeria's 58th Independence Day was celebrated in grand style; it featured fashion parade of our Early Years Foundation Stage (EYFS) and our parents who were gorgeously dressed in various traditional attires. A dance drama with elements of poetry also illustrated some of the issues plaguing our nation and a didactic lesson was taught on how best to rebuild our nation. Our children's dance and dramatic ingenuity was displayed at the occasion. High point of the day was the exhibition of the diverse Nigerian delicacies. It confirmed the fact that our great nation is rich even amidst cultural diversity. We express our appreciation to all our parents for their artefacts, food, presence and support.

Teachers Day was marked on Friday October 5, 2018, a day set aside to appreciate teachers for the work they do impacting knowledge in our children and grooming them for excellence. We thank parents who sent in gift items to our teachers, your gesture is highly appreciated.

In the line of celebrations, it was **the International Day of the Girl child** on the 11th of October, 2018. We celebrated the Girl Child letting her know she is important and can be whatever she wants to be without limitations.

“Coffee Morning” holds this **Saturday 13th October, 2018**, at **9am prompt**. This meeting plays an integral role in building a synergy and an enduring system. As a citadel of learning, we welcome your contributions and genuine concerns as regards the school towards the development of your (our) child. Kindly avail yourself the opportunity to attend.

Our **First Feed Forward (assessment)** will hold on **Wednesday 24th –Friday 26th October, 2018**. Shortly after our **(FFW 1)**, comes our **Mid-Term break which will span from Monday, 29th of October through Friday, 2nd of Nov, 2018**; pupils will be given **Project Topics** to engage them during this period. Kindly note that the project work forms an important part of the term’s cumulative assessment.

We thank you once again for your unwavering support in the pursuit of academic excellence. Accept our warm regards.
