OUR VISION

To become a preferred learning destination for complete nurturing of future leaders through rigorous sensitive development of the mind, intellect and character.

OUR MISSION

Redefining early childhood education through character grooming and eclectic teaching approach to harness all innate and obvious potential of the child.

MOTTO

**Committed to
Excellence**

Dear Parents,

This term has undoubtedly been characterized with series of unforgettable events in the history of our great school. It goes down in history as the first time we ran physical and online classes simultaneously. A term where teachers could not show their affection with hugs due to protocols around this time, but came round that with the "elbows hug".

Adegboyega Fadare
Head Teacher

Our EYFS children could not resume physically at the beginning of the term, and just as we were basking in the euphoria of their official opening for physical classes, then came the pronouncement for the closure of schools in Lagos State due to the unrest that emanated from the ENDSARS protests. We stayed afloat in all of these switching to virtual classes; though there were hitches at the initial stage, our solid system was able to detect and rectify them immediately. It takes beyond ordinary commitment to keep moving in the face of such turbulence. We were able to pull through without losing a day of learning! Every other thing can be on hold, but not our children's education, not their future!

Despite all the ups and downs, we have settled in seamlessly into academics and other developmental activities with all the necessary modalities in place as a proactive school that we are. We get stronger and better by the day. We appreciate you for your cooperation and collaborative support. We thank our ever ready and dynamic teachers and staff for their unparalleled display of professionalism. We specially thank the Almighty God

for His protection over all families that are related to Blooming Greens School.

In ensuring that our pupils learn effectively with no one left behind, a proper baseline test was carried out for every child in order to identify the areas of need and also to step up the academic experiences of the high fliers. Those who were found to require support in one area or the other were enlisted into our Special Intervention Programme (SIP). The programme is ongoing with amazing results so far.

GREEN TERM 2020 DIARY

Wed 11th Nov, 2020

- ♦ Armistice Day

Fri 13th & Mon 16th
Nov, 2020

NIGERIA'S 60TH INDEPENDENCE DAY

Nigeria's 60th Independence Day was celebrated in an unusual way for obvious reasons. It was devoid of the usual jamboree and showcase of local Nigerian dishes and artefacts no thanks to Covid-19 that forced social-distancing into our usually boisterous and close knitted culture. Even at that, we paraded our children who were gorgeously dressed in various traditional attires both physically and virtually. Various presentations illustrated some of the issues plaguing our nation and how best to rebuild our great country.

INTERNATIONAL DAY OF THE GIRL CHILD

International Day of the Girl Child is celebrated on the 11th of October annually. At Blooming Greens School it was marked on Friday the 9th of October since the main observance fell on a Monday. The theme for this year is: "My voice, our equal future" we are encouraged to seize the opportunity to reimagine a better world inspired by adolescent girls - energized and recognized, counted and invested in. As adolescent girls worldwide assert their power as change-makers, International Day of the Girl 2020 focuses on their demands to: Live free from gender-based violence, harmful practices, and HIV and AIDS; Learn new skills towards the future they choose; Lead as a generation of activists accelerating social change

EYFS PHYSICAL RESUMPTION

On Tuesday 3rd November 2020, our EYFS children received a royal welcome as they resumed physically at the school premises after almost eight months. Their excitement knew no bounds, it was written all over them. We were very delighted to have them back as the school is incomplete without them.

MID-TERM FEED FORWARD

Our children in the Key Stage classes wrote their Mid Term Feed Forward from the 4th to the 6th of November 2020. The children learning online were not left behind. Review tasks have been sent home for our Nursery 1 and 2 pupils to attempt. They are to do the tasks over the mid-term break and submitted when they resume from the break on **Tuesday 17th November 2020.**

REVIEW IN CALENDAR

In view of the inconsistencies that has characterized the nation's educational sector in recent times; the term's calendar had to be reviewed to accommodate more days for academic activities, hence, the reduction of the mid-term break from one week to two days (Friday 13th and Monday 16th November, 2020). The Keystage pupils have only one project to do during the short break. Kindly prompt them to finish it up as it forms part of their assessments for the term.

PARENTS CONFERENCE

The Parents Conference for the term is scheduled for Saturday 21st November 2020 from 9:00am. Each parent has a slot that will be communicated ahead of time. Kindly keep to your time slot, it is important you make out time to be present.

We thank you once again for your unwavering support.

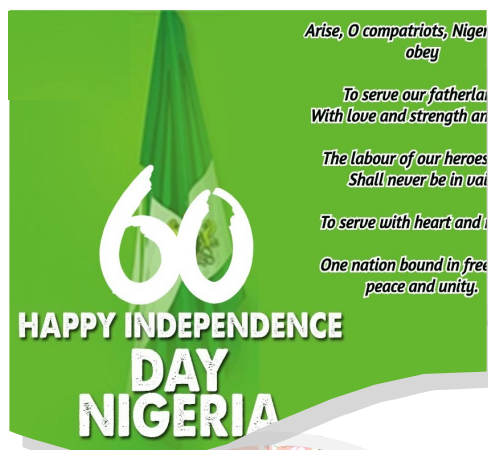

Accept our warm regards.
