

BLOOMING GREENS SCHOOL

NEWSLETTER

3, Connal Road, Off Herbert Macaulay Way, Yaba, Lagos // www.bloominggreensschools.com

OUR VISION

To become a preferred learning destination for complete nurturing of future leaders through rigorous sensitive development of the mind, intellect and character.

OUR MISSION

Redefining early childhood education through character grooming and eclectic teaching approach to harness all innate and obvious potential of the child.

MOTTO

Committed to Excellence

Dear Parents,

It is indeed a gracious end to a wonderful and successful term. We give glory to God for how far He has brought us. We also thank you for your unflinching support that we enjoyed in the course of the term. You are indeed rare gems. We reiterate our promise to meet and surpass your expectations.

PARENTS CONFERENCE

The first physical Parents Conference since the arrival of Covid-19 was a huge success! We thank all our parents for their candid feedback. All your observations, suggestions and complaints have been addressed.

BOOK REVIEW AND BOOK PAL

Reading has become a household name at Blooming Greens School. We had our Book Review and Book Pal in the course of the term. Book Pal programme is aimed at arousing and sustaining the passion for reading in our pupils. Older children read books to their book pals in lower classes using the right diction, voice of character, pace and intonation. This was closely followed by Book Review which came up in all Key Stage classes. Children did a review of different books in all our classes.

INTERNATIONAL DAY AGAINST BULLYING

At Blooming Greens School, we have zero tolerance for bullying! It's a vice that we will never condone! This day presented another opportunity to reiterate our commitment to having a bullying-free community. We implore our parents to complement this crusade in our various homes. Let's watch what we say or do in the presence of children. They are practically what they see adults do around them. Sensor what they watch on televisions and other electronic devices as these have great influence on what they do and their language usage.

FRENCH ASSEMBLY

French at BGS is taking a new dimension! It's made as functional as possible with drama, poetry citations and songs! A whole school assembly was dedicated to the presentations of what the children have learnt in French. Two children anchored the events while all classes had one presentation or the other. It was simply prodigious!

EYFS IPC EXIT CELEBRATION

Our children in EYFS had their IPC Exit Celebration in grand style! In the course of the term, they learnt things around the theme "All about me" at various levels. On the exit celebration day, some came to school with their favourite toys for 'Show and Tell' while some came in their favourite costumes. It was a splendid day for the children.

SOCIAL MEDIA PAGES:

ARTS EXHIBITION

Our annual Arts Exhibition "Artrageous 2021" was phenomenal! Our children's Artistic ingenuity was again showcased with splendour. It was another avenue to teach our children the importance of reaching out to the less privileged.

We thank all our children and parents who made the occasion a huge success. We recognize how much effort you put into the sale of our raffle tickets. All proceeds of both the exhibition sales and raffle tickets have been donated to charity during the Christmas concert as is our practice.

AISEN COMPETITIONS

The school participated in this year's AISEN Science and Solo festival competitions after we came back from mid-term break. We still await the results. We are sure to win again and again.

CODE4TEEN

The pilot phase of this programme has successfully been implemented and our children have begun to put to use the knowledge gained. The little hitches faced at the inception have been surmounted and we are working towards making its implementation even more seamless by increasing our internet bandwidth in the coming term. This is the technology that drives the world of today, and must be given the importance that it deserves. To this end, children in Years 4 to 6 will pay a token of ten thousand naira per term for this programme. This has been added to the next term's bills.

CHRISTMAS CONCERT

The year was rounded off with children's visit to the BGS Santa's grotto and an elaborate Christmas Concert! It was a colourful occasion tagged "Christmas with a heart of gold". Children, teachers and parents came in dressed in gold attire or a touch of it. Children had beautiful presentations across all classes. Our teachers were not left out as they performed the popular "Jerusalem" in wonderful choreographic steps!! The peak of the celebration was the enactment of *The Shiniest Star* by the pupils of our great school and also the charity donations from the Art Exhibition 2021. It was simply astonishing! We Pray! We Perform!! We Play!!!

MORAL ISSUES AND DISCIPLINE

Blooming Greens School is known for high moral standards which we are not willing to compromise under any circumstance. We implore all our parents to go back to the drawing board and raise the bar in parenting such that our children don't get lost in the present day corrupt society. Let's keep a firm check on what they are exposed to via print and electronic media as well as social media which include, but are not limited to, parties and social functions. We are constrained to refer all our parents to the school's handbook. Consequences of any misbehaviour as stated in the handbook will be applied to the letter. Please work with the school to raise the total child.

CEO'S BIRTHDAY

We were overwhelmed by your display of love during our C.E.O's birthday celebration. Your calls, gifts and best wishes mean a lot to us. We pray that we will all live long in good health and abundant blessings.

OMICRON

It is no news that the fourth variant of Covid-19 is already in Nigeria. It is said to be deadlier and more transmissible than the earlier variants. Our duty is to protect ourselves and the innocent children from this ugly monster. Let's continue with all preventive measures. It's no time to throw caution to the wind! Rather, we should upgrade our precautionary measures against this monster. Let us be careful during social gatherings and outdoor festivities as we keep praying for God's intervention.

WATER

We have noticed that many children do not come to school with water, while some come with quantity that can barely last a few hours. As we approach the dry season, more intake of water is required to remain hydrated. Kindly increase the quantity of water that your child comes to school with on daily basis.

VACATION & RESUMPTION

The school officially closed for the Green term today Thursday 16th December 2021. Resumption for the Bloom term is Monday 10th January 2022 by God's grace.

We wish all our parents a Merry Christmas and a Prosperous Year 2022 in advance.

Accept our warm regards.
